**World Championship
Quality Products
at WahlRacing.com**

Hard work, testing, technology and racing have been a part of the Wahl Bros. winning success since 1981.

**Contact us at 1-800-883-0294
Greenbush, MN**

It's my chance to **start right!**

I've done my homework – read local trial results,
talked to my retailer and even my neighbours.

For my farm, it's about high yielding canola hybrids
with great technology. And that is why all of us should
choose DEKALB®.

High yielding canola hybrids with leading technology

Monsanto is committed to bringing higher yielding DEKALB® brand canola, corn and soybeans to western Canadian growers – products like 71-45 RR in 2007, and now 72-55 RR for 2009.

With our \$20 million dollar annual investment in canola and our global access to Monsanto's corn and soybean pipeline, we feel more confident than ever that growers can take pride in choosing DEKALB brand seed for their farms.

For trial results in your area, visit DEKALB.ca
My farm. My choice.

President's Message

On behalf of the board of directors of CPTC I would like to welcome everybody to the 47th Annual Canadian Power Toboggan Championships. I especially would like to thank all our volunteers for their countless hours in making this such a great event.

In addition the board would like to thank the Town of Beausejour and the Rural Municipality of Brokenhead for their unwavering support of this prestigious event.

The CPTC would also like to welcome all the participants in the 120 and Kitty Kat races at this year's races. Stop by their track on the northwest corner of the complex and cheer them on. These young racers are the future of the sport.

In closing I again would like to welcome everyone and we hope you enjoy the weekend.

Glen Kaatz
President CPTC Inc.

THANK YOU TO ALL VOLUNTEERS

The CPTC was founded 47 years ago by volunteers and they have kept the tradition alive. The races are an astonishing testament to their perseverance and dedication. If you encounter a volunteer, please take the time to thank them for doing such a great job! If you would like to help, please contact us through our website www.cptcracing.com. We would love to have you along.

Kids' Racing is BACK!!!

Please welcome the racers of the future! This group has just been formed with the hopes that a few of them will form the next era of ice oval champions. They have been busy practicing over the past few weeks and even in that short time, the improvement has been very noticeable. Come next year, this will be quite the group to watch!

The group consists of racers from many areas including: BEAUSEJOUR – Chad Betker, Xavier Cole, Avery and Payton Delannoy, Noah Dufort, Jacob and Riley Freisen, Ryan and Brad Hansell, Trevor and Cody Johnson, Curtis Kines, Paxton Klassen, Mathew Kryschuk, Ian Mickey, Kyle and Mark Mroz, Syngin Scholz, Matthew Smith, Jordan Sobetski, Amber Stevens; OAKBANK – Amy and Matthew Kizlik, Kirsten and Brayden Kizlik, Tiffani Kwan; WINNIPEG – Copper Carleton, Hanna and Matthew Lesley, Colleen McGukin, Jayden Slavuta, Brendan Veert; COOKS CREEK – Nicholas Bacon, Joey Vanlinge; LOCKPORT – Cole Ostrowski, Nicole Schwab; LAC DU BONNET – Ryan and Robin Miller; STEINBACH – David and Jayden Perron; BRERETON LAKE – Mackenzie Ftoma; HADASHVILLE – Spencer Sommerfeld; SELKIRK - Rylin Catazineski; CREIGHTON SASK. – Corbin Collier, and Taylore Fissette of ST. LAURENT.

This group would not have been possible without the extreme generosity of #99 Shane Peterson and crew (Shane, Greg, Krystal and Krystal, Lexi, Miranda, Mike, Tim, Mark, Ed, Becky, and many others) who allowed us to use their sleds and gave much-needed advice. This opened up the door to the possibility of introducing new kids into this great sport as well as giving those who already had their own sleds more competition. Your passion for this sport has shown, and hopefully this group of youngsters give you great joy in the future watching them win.

THANK YOU #99 SHANE PETERSON AND CREW!

We have also had a very dedicated group of volunteers including parents, media, organizers, the CPTC Board and track officials, and various sponsors. We would also like to thank the following groups/businesses for their support: Sobetski Enterprises, Polaris Industries, The Clipper, The Review, Betula Lake Resort, Thunder Rapids Fun Park, Plainview Nursery of Beausejour, #66 Moyle Racing, #13 Fontaine Racing, #19 Curtis Boivin Racing, Darryl Gershman Photography, and many others. So for those of you reading this, please thank them for all the assistance they have given.

If you are interested in joining us, or even just coming out to watch, please contact Dave Cole at davecole@mts.net or call 1-204-268-1204 evenings only. We will be having a website in the near future, so please check www.cptcracing.com on a regular basis for updates both on us and all the events happening at the track.

Thanks again for everything,

Dave Cole

Everest[®]

Flush after flush[™]

To learn more call 1.866.761.9397 or visit www.flushafterflush.ca

They're out there. Wild oats, green foxtail, and broadleaf weeds just waiting to rob your wheat of valuable moisture, nitrogen and fertilizer. And that means stealing from your yield. But not all weeds emerge at the same time. Those in wetter, low spots can emerge at different times from those on drier hillsides. And rain showers can spawn new flushes any time.

Only EVEREST[®] gives you Flush after flush[™] control of weeds no matter when, and where, they emerge. EVEREST lets you choose the spray day.

For a higher, more profitable yield count on EVEREST.

Always read and follow label directions. EVEREST is a registered trademark of Arysta LifeScience North America, LLC. GRASS AND BROADLEAF WEED CONTROL
MADE SIMPLE.

SIMPLICITY™ HERBICIDE IS THE ORIGINAL CROSS-SPECTRUM WEED CONTROL FOR WHEAT.

Go easy on yourself – for a cross-spectrum of grass and broadleaf weeds choose Simplicity. And because it's a Group 2 herbicide, Simplicity offers an alternate mode of action to help manage Group 1 herbicide resistant wild oats. Now it gets even simpler: in the majority of cases, a tank mix with MCPA is all that's required to get the ultimate in cross-spectrum weed control. In all types of spring wheat and durum wheat, with no re-cropping restrictions, choose Simplicity. Accomplish more. In your wheat. With Dow AgroSciences. Call the Solutions Center 1.800.667.3852 or visit dowagro.com/ca.

JERRY BUNKE MEMORIAL CHALLENGE

Jerry Bunke was a member of the famed Polaris "Midnight Blue Express" race team that competed in the Sno Pro circuit of the late '70s. He tragically lost his life in a racing accident in Beausejour, Manitoba in 1978. To honour the dedication, perseverance and professionalism that Jerry displayed during his career, we at CPTC are pleased to present the annual JERRY BUNKE MEMORIAL CHALLENGE. It is awarded to the driver in the Vintage IFS class who accumulates the highest point total over the weekend of racing. A trophy presentation and a cash prize of \$1,000 will be awarded! The winner of last year's award was Troy Lefko of Beausejour, MB. Watch for the intense action in pursuit of this most prestigious award!

Troy Lefko

CPTC would like to thank the following sponsors for contributing to the Jerry Bunke memorial award:

BETTER RIDES. BETTER RIDERS.[™]

2009 Eagle River World Champion *Brian Bewcyk*

The Board of Directors of CPTC takes great pleasure in congratulating Brian Bewcyk, #39, of Winnipeg, Manitoba on his well-deserved win at the 2009 Eagle River World Championship Snowmobile Derby, the second consecutive year he has won this prestigious race and the first Canadian to ever win back-to-back World Championships.

Brian began his snowmobile racing career back in the late '80s on ice drag sleds with the Snowball Express Team.

Winning soon came easy to Brian, and wanting a new challenge, he decided to try his hand at ice oval racing at the ripe old age of 30. Brian purchased a twin sled in December of 1994 and his debut in Eagle River, WI. in January of 1995, he was hooked. Little did Brian know that in the fall of that same year, he would get hooked on another very important thing: his future wife, Carmen, who he married in 2001.

In 1999, Brian joined forces with Jeff MacDonald to form MPH Racing and began racing Champ and Sprint sleds. Brian and Barry Bennett were the first two drivers for the MPH Race Team, and over the past ten years, other drivers for MPH have included #27, Keith Hayman from Winnipeg and #17, Chris Hortness from Bienfait, Saskatchewan. MPH Racing's current drivers include Brian and #8, Travis MacDonald, who is the son of Jeff and Mandy MacDonald.

MPH Racing's achievements on the race track have been recognized by being named the WSA Race Team of the Year in 2002-03 and 2006-07. As well, Winning Edge Magazine voted them Race Team of the Year in 2006-07.

Brian has been racing in Beausejour since 1995 and he has steadily moved up the ranks, placing 3rd in the

Canadian Championship in 2007 and 2nd in the Canadian Championship in 2008. Brian was always a force in the Pro Sprint classes with numerous wins at many events, but it was Brian and his team's dedication and hard work that resulted in his winning Eagle River back to back, and we salute them for that. Many up-and-coming young racers could learn a valuable lesson from the sheer determination of this race team, never giving up on their dream.

We have proudly watched Brian rise to the top echelon of ice oval racing over the years and although getting his name on the Canadian Championship trophy has so far eluded him, we all join in wishing Brian the best of luck in achieving this goal!

THE SLEDS ARE GOING FAST...

CONGRATULATIONS
TO THE CPTC FOR

On behalf of the residents of Lac du Bonnet Constituency
I would like to extend a warm welcome to all racers and fans attending the

47th Annual Canadian Power Toboggan Championships

Thank you to all the individuals who volunteer their time into making the Canadian Power Toboggan Championships an international success. The residents of the Beausejour / Brokenhead area can be proud of the fact that they have been able to host this event for 47 years running. We have some of the finest volunteers in the Province who work tirelessly to make our community a better place to live, work and raise a family. Take the time this weekend to thank one of our volunteers and enjoy the
greatest show on snow!

growforward™ REWARDS 2009

CLEARFIELD Production System  CLEARFIELD <small>production system</small> Canola Nexera™ XCEED™ Wheat Lentils Sunflowers	Herbicides      	Fungicides   
	Seed Treatments  	Insecticide 

When you purchase product(s) in the Red Box

Save on products in the Green Box

300 - 699 acres	4 %
700 - 1,199 acres	6 %
1,200 - 1,799 acres	8 %
1,800 - 2,399 acres	9 %
2,400 - 3,499 acres	10 %
3,500 + acres	12 %

Herbicides          

Receive 2 qualifying Blue Box acres for every acre of Green Box purchased

Fungicides Save 20%  	Save 15% 
---	--

How to earn Rewards

1. **Total the acreage** of your combined Red Box purchases.
2. Then determine your Green Box **savings by matching your Red Box acres** to the corresponding savings percentage.
3. **Next, save on Blue Box products.**
Every acre of Green Box purchases will give you **2 qualifying Blue Box acres**.

CLEARFIELD Advantage™

- A** Increase your total GrowForward Rewards rebate by 10% when you:
- Order **CLEARFIELD canola** (includes Nexera and XCEED) and/or **CLEARFIELD sunflowers** with your retail by December 31, 2008;
 - Order **CLEARFIELD wheat** and/or **CLEARFIELD lentils** with your retail by February 28, 2009.
- B** Save \$1/acre on GEMINI™, CHARTER®, DYVEL® DSP and DYVEL for all your cereal acres when you purchase any CLEARFIELD crop.
- C** Receive 2 qualifying Red Box acres for every CLEARFIELD crop acre you purchase.

- D** Earn an additional 10% on matching acres when you purchase registered CLEARFIELD herbicides on selected CLEARFIELD crops with a signed CLEARFIELD Commitment. Selected CLEARFIELD crops include:

- **CLEARFIELD canola** (including Nexera canola): Eligible registered chemistry includes ABSOLUTE®, ODYSSEY®, ODYSSEY DLX, SOLO®, and TENSILE™.
- **CLEARFIELD XCEED**: Eligible registered chemistry includes ODYSSEY and SOLO.
- **CLEARFIELD sunflowers**: Eligible registered chemistry includes SOLO.

See reverse for details on CLEARFIELD Advantage.

Use our online calculator to determine your projected 2009 GrowForward Rewards. Access it on www.agsolutions.ca.

Contact AgSolutions® by BASF at 1-877-371-BASF (2273) or visit www.agsolutions.ca to find out how GrowForward Rewards can work for you.

Racing Classes

CPTC & CNARA are pleased to be co-sanctioning our 47th Annual Canadian Power Toboggan Championships with WSA Extreme Ice Racing. WSA runs races throughout Minnesota and Wisconsin.

In co-sanctioning, Beausejour becomes a points race for WSA which will bring a huge contingent of WSA racers up for our event.

We will be running WSA classes at our event. There are 3 distinct driver experience levels. Sport classes are the entry level class for new drivers. Semi-pro is the next level of driver experience. The pro class is exactly as it implies, the top level pro racers. WSA also has an excellent junior and women's program. The following is a list of race classes:

Pro Champ 440	JR 14/15 600F Girls
Pro Formula 600 Woody's Triple Crown	JR Novice Girls 10-13 380 Fan
Pro Stock 600 Liquid	JR Novice Boys 10-13 380 Fan
Pro 600F (Pro & Semi Pro Drivers)	JR I 12-15 380 Sprint
Sprint 503 Darcy Ewing	JR II 14/15 600 Sprint
Sprint 550	JR III 16/17 600 Sprint
Sprint 500 Open	Sportsman 600
Sprint 600 Open	Sportsman 800
Formula 500	Early Mod 295
Semi Pro Formula 600	Early Mod 340
Semi Pro Champ 440	Early Mod 440
Semi Pro 600L	Early Mod Open
Semi Pro Limited 500	Relic Mod
Super Stock 600L 2008 + Sleds	Vintage Mod 250
Sport 600L	Vintage Mod 340
Sport 600F	Vintage Mod 440
Women's 380	Vintage IFS 340X
JR 16/17 500L	Vintage IFS 440X
JR 14/15 600F Boys	Vintage Masters 340

Any of the classes that are designated by 600L or 600F, are stock sleds, regardless of whether they are Pro or Junior or anything between. The short skis they are allowed to run give them a slightly different look than the consumer sleds. The CHAMP, FORMULA and SPRINT classes are allowed numerous chassis modifications along with varying degrees of engine modifications depending on the class.

Any number designation in a race class refers to the maximum cubic centimeter or cc displacement of the engine allowed in that class.

In the JR BOYS or GIRLS classes the age of the driver allowed in that specific class is included in the heading.

The JR NOVICE 10-13 380 FAN allows the junior riders to use a CHAMP chassis with a 380 FAN stock motor. The idea is to give these riders a chance to run CHAMP chassis before they make the jump to the PRO classes. Vintage class descriptions are on another page in this program.

novozymes®
Rethink Tomorrow

Novozymes is the world leader in bioinnovation. Together with customers across a broad array of industries we create tomorrow's industrial biosolutions, improving our customers' business and the use of our planet's resources. Read more about Novozymes at www.novozymes.com.

TagTeam® is the only soybean inoculant with a combination of P-solubilizing and N-fixing microbes. MultiAction® TagTeam pulls more left-over phosphate from the soil and ensures optimum nitrogen fixation – resulting in a synergy that produces higher yields.

Insure your soybean crop with TagTeam and get the best phosphate and nitrogen use efficiency.

Ask us for TagTeam.

Jeff Moyle

1978 - 2008

The CPTC Board of Directors has been very fortunate over the years to belong to a very close-knit family of snowmobile racers from all over North America, having forged lifelong friendships with many of them. We have gotten to know so many racers on a personal level, along with their families and crews, and have welcomed them into our homes and our hearts, with their hospitality often being graciously reciprocated. The Moyles have been one such family.

That being said, it was with heavy hearts that we learned of the accidental passing of Jeff Moyle on Sunday, September 14, 2008 near his home in Chassel Township, Michigan, in a parasailing accident.

We first met Jeff when he came to race in Beausejour back in 1998, along with his younger brothers Gary and Andy, competing in the Champ and Formula I classes. He raced for many years on the ice oval circuit alongside his brothers, retiring from snowmobile racing after the 2005 season. He had a passion for many different types of racing, graduating from snowmobiles to water cross to rally car racing, most recently qualifying to compete in the X Games in Los Angeles this past summer, a dream of his come true. Whatever pursuits Jeff was involved in, he did it with intensity and passion. He worked hard and he played hard, and it can be said without equivocation that he lived his life to the fullest.

After getting his degree in Civil Engineering, Jeff went on to work in the family business, Moyle Construction, and took over its day-to-day operations in 2005. Jeff excelled in his position, bringing the 150-employee company to new heights. Wasting no time, he was able to buy out all the stock in the construction business and take over as CEO and President in January of 2006, making his parents, Tom and Denise, very proud of their son's astute business acumen.

Even though Jeff accomplished a great deal professionally in his short 30 years, his greatest accomplishment was that of a loving and devoted husband to his wife Kim, and a doting daddy to his precious little girl Gracie, who was his pride and joy.

In closing, we at CPTC are grateful to have known Jeff and feel privileged to have been able to call him our friend. His love of racing and of life has left an indelible mark on all of us and he will never be forgotten. Our heartfelt sympathy goes out to the entire Moyle family for their devastating loss. In the immortal words of William Shakespeare: "Do not let your grief be measured by his worth, for then your sorrow has no end."

E-TEC = (50% less oil) + (smoke smell)

4-TEC = 18 MPG + highest peak torque + widest powerband

REV-XR + 4-TEC = lightest 4-stroke sled

REV-X = 4.50 lbs. (1.8 in. of legroom)

FUEL EFFICIENCY

Model	MPG	Peak Torque (ft-lb)	Powerband (RPM)
2010 Ski-Doo MX Z Adventure E-TEC	18	110	3000-5000
09 Yamaha F3 Hybrid	15	100	3000-4500
09 Polaris Dragon 600 CE	14	95	3000-4500
09 Arctic Cat TR 600 ETE	13	90	3000-4500

high (performance) (quality)

IT'S MORE THAN A PERFORMANCE SLED. IT'S THE PERFORMANCE STANDARD.

The 2010 MX Z® Breathtaking acceleration. Advanced ergonomics. And a level of responsiveness that borders on the surreal. Built on the incredibly light yet strong REV-X™ platform, it had to have both a 2-stroke and 4-stroke engine option. It was only fair. Every rider deserves a little trail time with the best cross-country sled on the planet. To see the 2010 MX Z in action, visit ski-doo.com.

ski-doo
BETTER RIDES. BETTER RIDERS.™

Velocity™ m3

ONE SOLUTION.

The stumped coroner and the Crop Science Investigator could only agree on two things; they were dealing with one comprehensive weed killer and they had never seen anything like it.

The advanced chemistry of Velocity™ m3 puts it in a category by itself, with three modes of action and full spectrum weed control in wheat. The evidence is overwhelmingly clear; Velocity m3 delivers consistent, powerful control of both broadleaf and grassy weeds in every wheat field. No matter what your wheat field concerns are – Velocity m3 is the one solution.

See the evidence for yourself at
www.theonesolution.ca

FROM RECREATION TO RACING...

"I've been using XL-S oil in my sleds for years - both on and off the track - and I like the way it performs in all conditions. It handles the temperature and shock load that racing can hand out and I've never had any engine or power valve failures when using it. If XL-S can handle racing it can handle the trail."

XL-S

SYNTHETIC 2-CYCLE INJECTION ENGINE OIL
